Size (LxWxH) mm	200x165x40
Weight	1430 g
Control	Wlan 802.11N Internal antenna
Inputs	1xHDMI-1xVGA-2xCOM-2xRJ45-4xUSB2.0 - 2xUSB 3.0 1xMinijack

†† All this specifications are subject to change due to ongoing product improvement

## POSSIBLE APPLICATIONS

Digitalizes the information, communication and sales inside the elevator.  
 Customize the floor-to-floor digital signage experience, thanks to our patented sensor and our industrial elevator players. This is a system designed specifically for the reproduction of digital contents emitted along the vertical path of the cabin.
